Promotion Terms and Conditions:

1. This promotion is open to CWG Standard Accounts, ECN Accounts, and previously opened Instant Accounts.
2. During the promotion, customers who deposit USTD of no less than 100 USDT will automatically activate reward tasks in the promotion area. Each deposit generates two tasks, Task A and Task B. Each task can earn a 1% deposit reward, with a maximum total reward of 2%.
3. Task A requires trading volume equal to 0.2% of the deposit amount, while Task B requires trading volume equal to 0.3% of the deposit amount. Each task is valid for 60 calendar days after the deposit. Tasks not completed within this period will be considered forfeited, and the reward will be deducted.
4. After a successful USTD deposit, customers can view their current tasks and rewards under Customer Area → USTD Earning Plan → Task Details. To complete the required trading volume, click Complete Task in Task Details. Task rewards will be automatically credited to the customer's wallet.

**Note: Due to network fluctuations or system updates, reward credits may be delayed. If rewards are not credited within one business day, please contact official customer service for verification and assistance.**

5. The Profit Plan can be participated in multiple times, but existing tasks must be completed first, or uncompleted activated tasks must be canceled before a new USTD deposit to generate new tasks. To cancel a task, go to Task Details, locate the task, and click Cancel.

Please note that canceled tasks are considered forfeited, and rewards cannot be restored.

6. This promotion can be combined with the 10% bonus and other non-bonus promotions. If the 10% bonus is applied at the same time, trading volume is calculated separately, with USDT reward tasks taking priority.
7. Profits from promotion accounts can be withdrawn at any time. However, transferring or withdrawing the principal before completing the required trading volume is considered a forfeiture of the task, and rewards will be automatically deducted.
8. Only trading volume from Forex, Gold, and Silver will be counted toward task requirements. Other products' trading volume will not be included.
9. Orders opened and closed within 3 minutes will not count toward the valid trading volume.
10. During the promotion, if participants engage in any misconduct – such as trading from multiple accounts using the same IP simultaneously, cross-account arbitrage or manipulation (including but not limited to CWG internal accounts or accounts from other brokers), malicious hedging, high-frequency arbitrage, quote delay arbitrage, concentrating more than 70% of bonus account trading volume on specific products, or maintaining fixed trading directions – CWG reserves the right to deny participation, cancel promotion eligibility, reclaim improper profits, and terminate cooperation with the customer.
11. CWG reserves the right to modify the promotion terms or cancel the promotion at any time.
12. This promotion is organized by CWG Markets (VFSC), and CWG Markets (VFSC) reserves the final right of interpretation.
