

CWG 100% Welcome Bonus

Promotion Dates: Oct 1st - December 31th, 2025

1. This promotion is limited to Standard and ECN Account types; multiple trading accounts under the same ID can participate at the same time. The bonus can be acquired with every deposit and trading account, and the total amount of bonus applications for each trading account is up to US\$1,000.
2. All eligible accounts can apply for the 100% welcome bonus for each deposit. Every bonus application is required to tick the 100% welcome bonus option when depositing. The bonus will be transferred to the application account in the form of CREDIT one working day after the deposit is successful.
3. During the promotion, complete the following conditions, the bonus can be withdrawn at any time:
 - a) After completing 35% of the transaction volume of the applied bonus amount, the corresponding bonus can be converted into real funds; Example: Shawn applies the 100% welcome bonus for a deposit of US\$200 and successfully receives a credit of US\$200. Shawn needs to complete a transaction volume of 70 standard lots (US\$200 bonus * 35% = 70 standard lots), and the US\$200 bonus will convert into real funds and can be withdrawn at any time;
 - b) Withdrawal application method: Within 30 days after completing the specified transaction volume, please use the account opening email to send the application to our designated email: activity@cwgmarkets.com, indicate the account detail and the completed transaction volume, CWG will verify it within three working days after receiving the application and CWG will convert the bonus into clients' real fund accordingly;
4. The validity period of this promotion is 90 days; the effective trading volume and bonus are valid for only 90 days which starts counting from the date of receiving your first bonus. After an expiration, all bonuses will be written off from the account.
5. During the promotion, if the specified transaction volume is not completed, the welcome bonus can be used as margin for trading but unable to withdraw or bear the loss. The bonus will be written off when the equity of the account is less than 120% of the bonus amount;
 - a) Example: Shawn is having US\$100 in the account balance, then deposited US\$200 to the trading account and received the bonus of US\$200. At this time, the trading account's total equity is US\$500 (account equity including real funds and bonus). During trading, if the account equity is less than US\$240 (US\$200 bonus * 120% = US\$240), the bonus will be written off from the account.
6. During the promotion, both profit and principal of the trading account can be withdrawn. However, if the principal is withdrawn before the bonus is converted into real funds, the bonus will be written off from the account.

7. If you wish to cancel participation in the 100% welcome bonus promotion, please use the account opening email to send the cancellation request to: activity@cwgmarkets.com. Indicate the account details and the cancellation request. CWG will verify and revoke all the bonuses accordingly within one working day after receiving your application. Once revoked, bonuses cannot be restored.
8. PAMM accounts cannot participate in this promotion. If a bonus-applied account joins PAMM, the bonus will be removed from the account.
9. During the promotion, only trading volume generated from Forex, precious metals, and crude oil products will be counted. Orders closed within 3 minutes will not be included in the trading volume calculation.
10. This promotion cannot be combined with any other bonus-related promotions (i.e., those that increase credit balance). However, non-bonus-related promotions and trading point accumulation are not affected.
11. During the promotion, if participants engage in any violations, such as using accounts with the same IP address to trade simultaneously, related-party transactions using multiple accounts (including but not limited to CWG internal accounts or accounts across different brokers) for arbitrage, malicious hedging, high-frequency trading arbitrage, quote delay arbitrage, or if more than 70% of trading volume in bonus accounts is concentrated on specific products or maintaining a fixed trading direction, CWG reserves the right to reject their participation, cancel eligibility, retract improper profits, and terminate the business relationship with the client.
12. Position fluctuations or capital losses caused by insufficient equity or deduction of overdue bonuses are the responsibility of the clients. CWG does not assume any responsibility.
